

As a federal enterprise, GIZ supports the German Government in achieving its objectives in the field of international cooperation for sustainable development.

For our location in Tanjung Selor we are searching for a

JUNIOR ADVISOR (M/F/D) ON PEATLAND MANAGEMENT AND REHABILITATION, PROJECT MONITORING AND EVALUATION

JOB-ID: P1533V2194

Assignment period: 02/01/2020 - 12/31/2021

Type of employment: full- or part-time

Job description

The project "Peatland Management and Rehabilitation" aims to develop the planning and implementation capacities to rehabilitate peatland ecosystems in the Kayan Sembakung Delta, North Kalimantan. It is supported through a cooperation between the government of Indonesia and the government of the Federal Republic of Germany. The project responds to the current land use plans and practices in the Kayan Sembakung Delta which are considered insufficient. It brings forward the protection and sustainable management of the peatland ecosystems.

Your tasks

- Provide technical advisory in the area of strategic land use practice and management planning as well as rehabilitation of peatland, management and restoration of natural peat swamp forest and rehabilitation of degraded peatlands
- Develop and take responsibility for the Monitoring and Evaluation (M&E) system
- Maintain the knowledge management system, including publication of research related to the project activities in integrative land use planning
- Take over project management tasks (e.g. external presentations, reportings, donor coordination and regional networking)
- Support the coordination and preparation of international consultants in carrying out their work related to the project activities
- Support the project manager to develop ready-to-use strategies and technical concepts, including guidelines, manuals and procedures
- Create reports and present documents; support in phrasing appropriate input for various project reports, including annual reports

Your profile

- University degree in the field of forestry, wetland management, public management or in a comparable field
- First professional experience in project and knowledge management
- First professional experience in international cooperation, ideally in Southeast Asia
- First professional experience in the field of international discussions on Sustainable Development Goals (SDGs), multi-stakeholder processes and conflict management or mediation
- Relevant knowledge about impact monitoring
- Ability to quickly analyze complex processes
- Good written and oral communication skills, self-management, well-structured working method, resilience and flexibility
- Effective Operational Proficiency language skills in German and English (C1) and willingness to learn Bahasa Indonesia

Please understand that we can accept and process in principle only applications via our E-recruiting system. Following the confirmation of your successful application, kindly check your spam / junk mail folder on a regular basis, since some providers classify emails from our recruiting system as spam.

GIZ would like to increase the proportion of employees with disability, both in Germany and abroad. Applications from persons with disabilities are most welcome.

We are looking forward to your application till 11/03/2019. For more information [click here](#).
