

Our model for success is a better life for everyone and purposeful tasks for our employees. For more than 50 years, the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ), as a company of the German Federal Government, has been supporting the implementation of development policy goals worldwide. Together with partner organisations in more than 130 countries, we are involved in a diverse range of projects. If you want to make a difference in the world and develop yourself in the process, you've come to the right place.

For our operations in Abuja/Nigeria, we are looking for an

PROJECT MANAGER (M/F/D) INTEGRATED APPROACH TO CLIMATE CHANGE IN THE RICE PRODUCTION SYSTEM

Field of activity:

The "Integrated approach to climate change in the rice production system in Nigeria" is a Joint Action by EU and the Federal Ministry of Economic Cooperation and Development (BMZ). It is part of the EU Action "Sustainable Agri-Food Systems and at the same time of the global project „Green Innovation Centers in the Agriculture and Food Sector- Country Package Nigeria (GIC-NIGERIA)" which is part of the global BMZ special initiative „One World Without Hunger". The project will contribute to sustainable rural development through innovations in the rice value chain and the farmer – agro-pastoralist nexus in selected local government areas of the federal states of Benue and Nassarawa in the Nigerian Middle Belt.

Your tasks:

- Lead project implementation to ensure high quality outputs and results
- Financial and technical responsibility for the Action
- Communication with the Contracting authority for full information on progress in the sector and timely reporting to EU as stipulated
- Management of the team of international and national long-term experts
- Reporting, Monitoring and Evaluation as well as Knowledge management
- Coordination of implementation with other stakeholders, donors and Action components as necessary
- Preparation of and participation in the regular Steering Committee meetings
- Lead project communication, represent the project and assure close coordination within the GIC-NIGERIA

Your profile:

- University degree in Agriculture, Agronomy, Agricultural Economics or related field
- Several years of relevant professional experience, preferably gained abroad, with management of development projects
- Extensive experience in the rice sector with a focus on sustainability and climate change adaptation and mitigation
- Several years of experience in the implementation of EU financed or co-financed development projects and familiar with EU-project implementation procedures
- Experience and good understanding of the promotion of agriculture value chains through integrated approaches for agricultural transformation
- Experience with land and resource use integration of farmers and herders will be an advantage
- Cultural sensibility and ability to work well in a cross-cultural team
- Business fluent in German and English

If we caught your interest, we are looking forward to your application until 11/30/2021.
